## Lihue, Makee, McBryde In Triple Tie For First

### MAKEES NOSE OUT MAKAWELIS

With their memories still fresh with the defeat administered to them at their last meeting, the Makee tribe revenged themselves by taking a close and interesting game from E. L. Damkroger's pets at Kapaa on Sunday by the score of 4-3.

Lihue rooters were there in large numbers, all pulling for the Makawelis to repeat, but the Makees, realizing that a tie for first place honors depended upon this game, were not to be denied. Although Makaweli's jinx on the home team seemed to be still alive when Morita in right field let in two runs by dropping an easy fly, the home team managed to overcome this temporary setback by timely hitting, and taking advantage of errors.

"Sunburn" Cummings was again on the mound for the Makees, and he acquitted himself very nicely. Only four singles were secured off his delivery, and he was rather stingy when hits meant runs. He walked one to Furtado's three, and made six batters fan the ozone to five for his opponent. Furtado allowed nine hits, five of which were for extra bases. The heavy hitters of the day were Tsunehiro with a triple and a double, Cummings with two doubles, and Hoopli with a triple.

Makaweli started the scoring right in the first stanza. With one down Burgess singled, advanced on an error and infield grounder, and scored on a passed ball. The other two runs came in the sixth. Watase was hit by the pitcher and Burgess died on a fly to left field. Watase stole second and advanced to third when Soong made a bad peg to second. Hamada was hit by pitcher and immediately stole second. Anee fanned, but Morita in right field dropped Kamaka's fly, and two runs came in. Akira fanned, and the score then stood at 3-2 in favor of the visitors. Makaweli had no further chance to score after this inning, as not a single player managed to get to first during the last three innings.

With the score at one to nothing against them, the Makees came right back in the last half of the first frame and went the Makawelis one better by timely hitting aided by a gift of a free ticket from Furtado. King, lead-off man, was passed and K. Hee sacrificed him to second. Bun Hee singled and King moved over to third. Hoopli cracked one on the nose for a three-bagger and two runners scored. After Makaweli had taken the lead in the sixth, the home team again came back at them in their half and knotted up the count. Tsunehiro started the inning by doubling to left and went to third on Furtado's bad peg to catch him napping off second. Soong grounded to pitcher, and Tsunehiro died at the plate. Morita made up for his bad error in the first half of this inning by singling through the box, but Cummings fanned the air thrice. With one run needed to tie, a signal for the hit and run play was given, and Soong started off with the windup. Arcia knocked a clean single over second and Soong came in with the run that tied the score. The winning run came in the ninth when Tsunehiro opened up with a mighty three-bagger to right field which went clear over the railroad track, and scored when Hamada on first was unable to hold Morita's grounder with one down.

McBryde 6, Kilauea 1

The McBryde-Kilauea game was another neck and neck race up to the seventh with the score standing one all at the beginning of the eighth. In McBryde's half of the eighth they got the bases full and no outs. The next batter up hit a grounder to J. Pacheco at second, who fielded the ball nicely and had plenty of time to shut out the runner at the plate and kill the man at first. But Pacheco got rattled and just held the ball while the batter got to first and the man on third scored.

The next man up got a hit over second which brought in another runner. Then Capt. Henderson slammed one over third, bringing in number three. Spalding sacrificed and number four comes across. The next man goes out on a fly to center and number five

## Social Happenings

Let no one imagine that we are in the social doldrums in these midsummer days. Almost every day produces its events—sometimes more than one. The other day local hostesses found it impossible to make up their circles of guests to their satisfaction because there were three social events for that particular afternoon, and the circles cut more or less deeply into one another.

Mrs. Albert Judd and family are on Kauai spending a few weeks. They were a few days in Lihue; a few more in Koloa, with the Waterhouses, and are now up at Kokee.

Miss Myra Angus, from Town, is spending a few days with the Grotes at Waipouli.

Miss Pauline Klugel has been spending a few days with Mrs. Jennings.

Miss Thompson, of Grove Farm, gave a very delightful afternoon tea for a few of her lady friends, at the Broadbent place, at Waipouli, on Thursday last.

The Christian families of Lihue and McBryde had a delightful picnic outing at Hanamaulu beach on Sunday. The fattest calf—in the shape of a luanu pig—was provided for the occasion and added no little to the satisfaction of the day. Following the lunch most of them made a visit to the stranded aeroplane over beyond the new dairy.

Little Lillian Jamieson celebrated her sixth birthday with a very happy little girls' party at the Grotes', Waipouli beach. It is a delightful place for an affair if that kind, and it goes without saying that they had a delightful time. There were six little girls and each received a dainty little bean bag by way of favor. With these they played the familiar bean bag game for a prize, which Alice Scott secured. Delicious refreshments were served.

### BASEBALL NOTES

Next Sunday, August 22nd, sees the opening of the third and last round of the 1920 series. In this round, ending September 18th, the schedule will be the same as the first round. Question: Will the results be the same?

On July 11th (the end of the first round) McBryde was leading with Lihue, Makee and Makaweli in a triple tie for second place.

By the way, how about a cup for the winners of the 1920 series?

Kenji, Kilauea's best bet on the mound, departed Saturday for Japan.

Sometime ago it was Lihue, Makee and McBryde, and now it's the same again. Depending the winner for 1920 on Kauai would puzzle even the fertile baseball brain of Hugh Fullerton.

The triple tie will be broken next Sunday with one or two of the teams dropping to third place. The Makees meet the Kilaueas, who they have already beaten twice, and the game looks like a Makee victory, but the Lihue-McBryde game will be a game worth seeing.

### FAIRCHILD BUYS NEWSPAPER

Geo. H. Fairchild, for many years manager of Makee Sugar Company, and well known on Kauai, has added the newspaper business to sugar and politics, having recently bought a controlling interest in the Manila Times, the oldest American paper in the Orient. It will advocate and defend American business interests in the Orient, and will resist any movement toward local independence, at least for the present.

Miss W. Cutler will retain her position in the Kauai high school for the coming year, very much to the satisfaction of the parents concerned. With the prospects of an over-crowded teachers' cottage she declined to do so. Now, however, an advantageous arrangement has been made by which she will live with Mrs. Farley at Koloa, and come to and fro daily with the Waterhouse children.

Mr. and Mrs. Frank Crawford, Mrs. R. L. Wilcox, Mrs. Scott, and Mrs. C. H. Wilcox and family will leave for Honolulu next Saturday, where they will take passage for the mainland.

Rev. and Mrs. Mrs. R. W. Bayless and sons are occupying the Wilcox home at Hanalei, where they are spending a part of their vacation.

## Kauai Polo Team Ready For Action

The polo team that will represent Kauai in the coming inter-island meet on Oahu, held their last regular practice last Friday afternoon. In this last workout both men and ponies showed themselves in fine condition, and they are expected to give a good account of themselves in the tournament.

The team will be composed of the following: Chas. A. Rice, Jay Gould, James Spalding and John Malina. This is the same team that went to Honolulu in 1916.

Jay Gould and James Spalding will go to Honolulu this afternoon, taking with them sixteen ponies.

The Kauai team's first game will be with the army team on Wednesday, the 25th.

### A NOVEL BIRTHDAY

Mrs. E. Cropp gave a very successful as well as novel and original childrens party Friday afternoon in honor of the third birthday of her little daughter Helen. The favors were in the form of dainty little glass baskets filled with miniature flowers while the bon-bon boxes were made of larger flowers, which, on pulling off the petals, revealed the candy within.

There was a fish pond with a fisher maiden in charge to whom the older children wrote letters telling what they would like, and who saw to it that their wishes were met. For the little tots there was a grab bag with a generous supply of treasures at the bottom. Finally, by the way of climax, there were the most delicious refreshments—mostly all the way from town.

There were 21 children and as many of the parents as were available—partly from Koloa and partly from Lihue.

### A PROMINENT HAWAIIAN WITH US

Jonah Kumalae, and his family to the number of nine, including his wife and children arrived by the Kinaiu this morning. Kumalae is a Hawaiian of more than ordinary ability, energy and enterprise. He has built up a big business in the manufacture of ukuleles largely for the foreign trade. A member of the board of supervisors for Honolulu, he is alert, aggressive, keen and independent. His latest interest and activity centers in the polo business in which he says there will be a great scarcity. He is scouring the islands for taro, but with only moderate success.

### STANDARD OIL SUPPLY STATION

The Standard Oil Supply Co. is installing a big supply station for the island at Port Allen, a little to the east of the Kauai Railway warehouses. This will include large tanks for the storage of gasoline, fuel oil, kerosene, etc. and a large warehouse for the supply of case goods in oils, greases, etc. They will carry large stocks of the regular Standard Oil products in the various lines.

In addition they are putting in three large tanks with an aggregate capacity of 60,000 gals. for the purpose of handling the plantation molasses for shipment to the Coast.

### KAUAI RACE HORSES TO ENTER HONOLULU AND MAUI MEETS

John Fernandez shipped "Bridge-player," "Golden Spray" and "Silver Dust," his three imported racing thoroughbreds, by the Kinaiu last Saturday. They are to be entered in the races at Kapiolani Park on Sept 4th. After the races in Honolulu the horses will be shipped to Maui, where they will take part in the race during fair week at Kahului.

### PLANTATION TEAM BANQUETED

Makaweli Plantation baseball team were the guests of the plantation last Friday at a banquet and sound evening.

A delightful "feed" was enjoyed by all following which some of the untitled members of the team were put thru the same much to the enjoyment of all.

## Aviator Narrowly Escapes Destruction

One of the De Havaland army land planes, under command of Lieut. W. L. Scott, out scouting for signs of the Annie E. last Friday, when fifteen miles off Kauai, broke a connecting rod, which fortunately did not immediately put the engine out of commission, but allowed the plane to reach Kauai before stalling.

Lieut. Scott had reached Kauai and was fifteen miles on his return journey, when he noticed smoke issuing from the engine. Realizing that something was wrong he turned and headed back for Kauai, expecting the machine to go down at any moment. Just as he got over the sandy flat below Hanamaulu, the rod crashed through the engine, wrecking it completely. A good landing was made, however, and no damage was done to the machine or its occupants.

Two mechanics from Luke Field, arrived this morning, and the machine will be taken apart and shipped to the aviation base for repairs.

### PROMINENT YOUNG JAPANESE OF LIHUE ARE MARRIED

There was a notable wedding in higher Japanese circles at the Japanese church Friday evening when Mr. Kazuto Kurisu and Miss Tane Kiikuni were united in matrimony by Rev. K. Okamoto. Mrs. Yamahira of Honolulu, the bride's sister acted as bridesmaid, and Mr. N. Koniji as the groom's man.

The bride was fittingly and most charmingly gowned in Japanese costume, a delicate blue kimono with obi to match, which set off her dainty figure most effectively.

The church was beautifully decorated for the occasion and there was a large audience of the friends and acquaintances of the happy couple.

The following evening there was a big reception at the home of the bridegroom in Koloa which was very largely attended. Delicious refreshments were dispensed to suit all tastes. And on Sunday a similar reception followed at the home of the bride in Nawiliwili.

The young man is a trusted employee of the Nawiliwili Garage, while the bride will be well known to a great many people as Dr. Branch's office girl. They will live at Nawiliwili.

### REGO CHALLENGES PUALI TO WRESTLING MATCH

Louis Rego, former champion wrestler of Maui, who is now connected with the Lihue police department, has issued a challenge to Willie Puali, of the road department, to a finish wrestling match.

Puali, who has had quite a bit of experience in jujitsu wrestling, has stated that he believes he can throw Rego. Rego does not agree with Puali—hence the challenge.

It is understood that if Rego issued a challenge it would be accepted. So the sport fans are in the way of seeing a real wrestling bout. The bout is to take place at the Tip Top theatre some night next month.

### MAKAWELI TO HAVE SEVERAL PLANTATION LEAGUES

Several baseball leagues are being planned for Makaweli plantation to start as soon as the island schedule has been completed.

The plan is to have two main leagues, one with the three or four best teams in it and the other to be composed of the several teams of the larger camps and first teams of the smaller camps.

A meeting of the representatives of the camps will be called in the near future to organize.

Mrs. Crehere and her daughter, Miss Crehere, who have been making a leisurely tour of the islands, are spending some time on Kauai. They have their own car, and are the kind of tourists whom the islands are especially glad to see. Mrs. Crehere is a sister of Governor Carter, so that she is really a kamaaina. She has, however, lived away from the islands for some years. Miss Crehere is said to be engaged to one of our most promising young men—which sheds new light on the situation.

## Personals

Mrs. MacGregor, who has been head nurse for a year or more in the Lihue Hospital, left last Saturday on a three month's leave of absence. She will go to her Canadian home, near Winnipeg. Her place will be taken by Miss Plant.

Supervisor Th. Brandt, returned Friday morning from a six week's vacation on the mainland.

Joe Stickney, Pond Co's live wire representative, returned to Kauai Friday morning after a hurried trip to his base of supplies in Honolulu.

Mrs. J. B. Fernandez, of Puhl, returned Friday morning from a visit to Honolulu.

Mrs. Kenneth Brown, returned to her home in Honolulu last week after spending several weeks visiting her mother, Mrs. L. S. Mesick, in Lihue. Mrs. Mesick returned with her daughter and will spend the rest of her vacation in Honolulu.

H. P. Faye, of Kekaha, returned from Honolulu last Friday morning.

Mrs. George Bertram, of Honolulu, is visiting relatives in Lihue.

Carlos A. Long, newly appointed tax assessor for Kauai, was an incoming passenger Friday morning.

Judge C. W. Ashford, of Honolulu, arrived Friday morning.

Dr. Mighton, chiropractor, leaves tonight for Honolulu, where he will complete arrangements to locate in Lihue until after the first of the year. Dr. Mighton will return to Kauai next Tuesday morning bringing with him office equipment.

Mr. and Mrs. P. L. Rice returned by the Kinaiu this morning after a visit of several weeks to the mainland.

Mr. and Mrs. A. F. Bush and infant were among the Kaulians returning from Honolulu this morning.

Mrs. G. Brodie and son were returning passengers this morning.

P. H. G. Deverill, of the Bank of Hawaii, Honolulu, arrived this morning to take charge of the local bank while Mr. Crawford is away to the coast on vacation.

M. H. Drummond, deputy bank examiner came over from town this morning and will spend a few days on the island.

Miss I. M. Miller, of the Star-Bulletin advertising department is on the island for a few days.

Mrs. Charles Wilson of Honolulu is spending a few weeks on the island, as the guest of Mrs. Jamieson.

Joe Moura and family, of Elele, returned by the Kinaiu this morning. Moura is head pump engineer for McBryde, and it is not often that he can get away on a vacation.

Chas. E. St. Goar, prominent broker and stock dealer of San Francisco, leading member of the firm of Politz & Co. came over from town this morning. His firm is largely interested in many of the best Hawaiian sugar enterprises of the islands, and they have handled some of the largest stock deals.

P. H. Cooley, principal elect of the Koloa public school came over from town this morning to get things into shape for the coming year work.

Deputy Sheriff Enoke Lovell, is enjoying a well earned vacation of a couple of weeks. He has gone to Hilo.

Carlos Long, the new tax assessor, will live at Waimea, but will still keep the tax office, at least for the present, at Koloa. He found it impossible to secure a satisfactory house at Lihue, which would have been a more central location.

Dr. J. C. Mighton and Miss Carter, of Honolulu, spent a delightful week end as the guests of Rev. and Mrs. Bayless, who are occupying the Wilcox home at Hanalei.

C. H. Smith and J. K. W. Carmichael, of Makaweli are spending a three week's vacation in Honolulu and at the Volcano.

Mrs. J. H. Moragne and Mrs. Barbara Hay are in Honolulu on a shopping tour.

Mrs. Walter Sanborn departed for Honolulu Saturday where she will take the teachers examination.

Judge Wm. C. Achi, departed for Honolulu last Saturday, where he will be on business and pleasure bent for several weeks.

## Lurline Will Arrive Tomorrow Morning Leave Thursday Night

The Lurline will arrive tomorrow morning with several passengers and 749 tons of freight and 33 automobiles.

The Lurline will sail Thursday night and all persons desiring to take passage are requested to procure their tickets or book before noon on Thursday.

### A VALUABLE DISCOVERY

Olaa has learned how to make excellent starch out of the tree fern, which is common in the forests thereabout. Within the fibrous outer layer of the trunk there is a solid core, three of four inches in diameter, somewhat the texture and color of brown soap. This, it seems, contains a large amount of starch. The Hilo Tribune reports that 30 pounds of starch can be made from a single tree, and that the starch is of excellent quality, "white and brittle, and easily crushed to the finest powder."

This tree fern is the "hapa," which 50 years ago played a very important part in the prosperity of the islands, since it produced the "pulu," of commerce, a fine silky down used by upholsterers for mattresses, pillows, etc. It was gathered in large quantities in the forests, dried, baled, and shipped away to the Coast.

### FALLEN FROM ITS HIGH ESTATE

The local branch of the Japanese federation of labor have leased the historic old Dole premises in Koloa for island headquarters.

They have already erected a commodious building thereon for assembly room and offices, and are proposing in the near future to put up other buildings.

It is reported that they will start a paper which will be printed there, and which will serve as the official organ of the federation.

It would look as though they were going to inaugurate a strong and aggressive policy.

The Dole place, on the left hand side of the road from Koloa to the landing, makai of the school, is old historic missionary ground, the cradle of Hawaiian loyalty, and the home of devotion to the best interests of the islands. It is a shame and a disgrace to have so sacred and historic a spot fall into alien hands, to be devoted to alien interests.

### TRUSTEES ADDED TO DORMITORY

The trustees of the Japanese dormitory, at a recent meeting, decided to increase their number from four to seven members. Rev. Okamoto, Mrs. Ralph Wilcox and Rev. R. W. Bayless were elected to complete the number with the latter as secretary and treasurer. It was also decided to erect a cottage for Rev. Okamoto and to secure an American worker to have charge of the dormitory. Mr. Bayless was commissioned to perfect this plan while he was in the city. Announcement is made that the new management will assume its duties at the beginning of the fall school term.

Rev. Okamoto, pastor of the local Japanese church, leaves the first of September, for a four months trip to Japan. In addition to attending the World's Sunday School convention, which convenes in Tokio, he will spend some time in visiting the scenes of his boyhood. During his absence, Prof. Utsumi, the newly elected teacher of the Christian school, at Huleia will supply the pulpit.

Mr. and Mrs. E. P. Denham and child are guests of the Dows, at the wireless cottage, Lihue. Mr. Denham is traveling agent of Kilbourne & Clark, of Seattle, large dealers in radio supplies and apparatus. He is also an expert in the installation and management of radio equipment, and was sent down from Honolulu to look over and adjust the local instruments. He was unable to secure accommodation at the hotel, and the Dows kindly took them in.

On Wednesday afternoon, Mrs. Ralph Bayless gave a delightful afternoon tea. Twenty ladies were invited in to meet Miss Carter, Mrs. Robinson and Mrs. Wilson of Honolulu who are visiting friends on Kauai.

(Continued on page 8)
